Scheduled Tree Removal

As part of the Magill Village Project the 65 trees located along the project area of Magill Road were assessed. A total of nine trees have been recommended for removal and replacement.

The scheduled removal of eight of these trees will be undertaken on Saturday January 29.

All trees scheduled for removal on this day are non-regulated and are not native to South Australia. The trees have been marked with an orange cross.

As part of the landscaping stages of this project, 68 new trees will be planted alongside the 56 remaining trees. A total of 134 trees will form part of the upgraded Magill Village streetscape.

For further information or any feedback please contact Joe Marchington, Project Community Engagement Officer magillvillage@burnside.sa.gov.au or to Camco (SA)

Comments or queries

If you have any comments or queries on the construction work for the Magill Village Project, you can contact construction contractor, Camco, by scanning the QR Code below.
