

UPDATE

Commencement of Magill Road power line undergrounding works Vine Street to Windsor Avenue, Magill Stage 1 Civil Works Monday 21 January to June 2019

NIGHTWORKS EXPECTED

The Magill Village Partnership between the City of Burnside and Campbelltown Council is working to create an exemplar 'Village' model that includes improvements to the urban landscape and streetscape. One of these improvements is to underground the existing powerlines.

On Friday 21 December Council delivered a letter to you regarding the commencement of powerline undergrounding work on Magill Road. This work is expected to commence today as previously advised.

This letter is to advise you that SAPN's civil contractor will be undertaking night works to minimise the disruption to Magill Road, a heavily trafficked main road. The work will be commencing this evening on the northern side of Magill Road.

Hours of work will be Monday to Friday, 7 pm to 6 am. To reduce impacts to you, all high noise generating works such as concrete cutting and excavating will take place between 7 pm and 10 pm.

Work will commence on the southern side of Magill Road, outside your property, in April 2019.

If you have any questions regarding these works please contact Bernie Auricht on 8366 4200, or email magillvillage@burnside.sa.gov.au
