1.0 INTRODUCTION

This management plan details Council's requirements and proposals for managing community land.

1.1 What is Community Land?

Unless the land has specifically been excluded by Council resolution, community land as defined by the *Local Government Act 1999* (the Act) includes,

“All local government land (except roads) that is owned by a council or is under the council's care, control and management.”

Prior to 31 December 2003, the Council undertook a review of all local government land owned by it or under its care, control and management to determine which land should be excluded from the classification of community land. All land not excluded during this process comprises Council's community land.

1.2 Why Develop Community Land Management Plans?

Section 196 of the *Local Government Act 1999* (the Act), requires the Council to prepare and adopt a management plan for its community land if -

- the land is, or is to be, occupied under a lease or licence, (as prescribed in section 196(1)(b) of the Act); or
- the land has been, or is to be, specifically modified or adapted for the benefit or enjoyment of the community, (as prescribed in section 196(1)(c) of the Act).

Under section 199 of the Act, community land must be managed in accordance with any management plan affecting that land.

This management plan will be reviewed as required for consistency with Council's strategic management and planning framework. Significant changes to the management plan will be the subject of public consultation.

1.3 Community Land in Campbelltown Council

Council's community land has been divided into twelve categories. Each category may apply to one or more separate land holdings depending upon the lands physical characteristics, associated infrastructures, use and management objectives.

The categories are:

Category 1	Sporting Reserves, Ovals and Active Recreational Reserves
Category 2	(including 2a, 2b, 2c and 2d) Fifth Creek, Fourth Creek, Third Creek and Other Subsidiary Waterways
Category 3	River Torrens Linear Park
Category 4	Drainage Reserves and Walkways
Category 5	Council Operational and Community Facilities
Category 6	General Parks and Passive Recreation Reserves
Category 7	Ornamental and Passive Recreation Reserves
Category 8	Screening and Buffer Reserves
Category 9	Community Cemeteries
Category 10	Lochend
Category 11	Thorndon Park
Category 12	Biodiversity Reserves

2.0 CATEGORIES OF COMMUNITY LAND

The Register of Community Land attached as Attachment B identifies the community land that is subject to this management plan.

Category 1 - Sporting Facilities, Ovals and Active Recreational Reserves

Land under this category is used primarily for formal outdoor sporting activities that comprise structured and organised sports, the playing of outdoor games and other active recreational pursuits.

Larger facilities are commonly associated with clubrooms or community buildings which may be operated under a lease agreement or other formal agreement. Some facilities may be open to the public or available to the public through a short-term hire arrangement.

Reserve infrastructures and facilities may include children's playgrounds and equipment; grandstands or seating; and public amenities.

Category 2 - Fifth Creek, Fourth Creek, Third Creek and Other Subsidiary Waterways

The majority of land under this category is dedicated to drainage reserves, creeks and other waterways that may form part of a larger linear park.

The formal creeks and waterways are used predominantly for flood mitigation and stormwater management.

Some areas of the park provide a range of informal recreational opportunities including walking and cycling, and the native vegetation and wildlife habitats play an important role as biodiversity corridors.

Category 3 - River Torrens Linear Park

The River Torrens Linear Park runs from the Adelaide Hills to the coast, and is a significant regional recreational facility for Adelaide.

This management plan applies to the land along the north-east boundary of the Council area from Gorge Road, Athelstone, at the foothills of Black Hill Conservation Park, to Wicks Ave, Campbelltown, at the western limit of the Council area.

The land is zoned according to the Metropolitan Open Space System in light of its regional open space and recreational benefits.

The Park is designed primarily for flood mitigation but is rich in character and integrates diverse uses including recreational areas; stormwater management; native vegetation and wildlife habitats; biodiversity corridors; areas of scientific, archaeological and cultural significance; natural and human heritage; transportation linkages and dual use bicycle and pedestrian pathways; and a buffer between metropolitan districts.

Category 4 - Drainage Reserves and Walkways

Drainage reserves tend to comprise highly modified or artificial drainage infrastructure and are retained primarily for flood mitigation.

Land under this category may be developed to facilitate street linkages and the safe and effective passage of pedestrians and cyclists.

Category 5 - Council Operational and Community Facilities

Land under this category is either operated by Council or made available to the community through a lease, license or short-term hire arrangement.

Facilities located on land under this category may include Council libraries and volunteer centre; community buildings, and centres; facilities for emergency services; clubrooms, other than sporting clubrooms; storage facilities; and theatre.

Category 6 - General Parks and Passive Recreation Reserves

The majority of land under this category is dedicated to local parks, gardens and facilities suitable for a cross-section of the community, and are used regularly for informal and passive recreation.

This category includes land that has been specifically developed to include children's play activities or community activities, and tend to comprise regularly shaped and well developed reserves.

Category 7 - Ornamental and Passive Recreation Reserves

The land under this category comprises local parks and gardens that are used primarily for local forms of passive and informal recreation and relaxation, and do not include facilities for children's play activities.

Reserves may be irregularly shaped and are characterised by landscaping or native vegetation and may be valuable for biodiversity conservation.

Category 8 - Screening and Buffer Reserves

This category includes land that is retained primarily to provide appropriate separation distances or physical barriers between differing or related uses for the enjoyment of those uses.

Land in this category may be irregularly shaped and characterised by landscaping; native vegetation; and dual pedestrian and bicycle pathways.

Category 9 - Community Cemeteries

There are two separate community land holdings in this category, the Athelstone Independent Cemetery and the Old Pioneer Cemetery. The cemeteries have most of their area dedicated to burials and provide community memorial areas and places for remembrance and informal passive recreation.

The Cemeteries are designated as places of local heritage value and are maintained to health standards and for their aesthetic, heritage and cultural values.

Category 10 - Lochend

The property at Brentyn Court, Campbelltown, (commonly known as Lochend), is owned on trust by the City of Campbelltown, as a place of State Heritage significance, and is also listed on the Register of the National Estate. Lochend is significant because of its representation of market gardening history and its links to early South Australian pastoralist, Charles James Fox Campbell, after whom Campbelltown is named.

Lochend House is one of Council's most important examples of built heritage and has undergone considerable conservation and restoration works to preserve the building as a site of local and State heritage, and as a social and cultural asset.

The land is set alongside the environment of the River Torrens Linear Park and there is potential for Lochend to be realised as a key cultural location and to contribute to Council's economy.

Category 11 - Thorndon Park Reservoir

Thorndon Park Reservoir, located at Hamilton Terrace, Paradise, was Adelaide's first water reservoir. The original city valve for the pipeline can still be seen at the corner of North and Dequetteville Terraces in the city, and remnants of the inlet and trees at Thorndon Park Reservoir, are designated as local heritage.

Today the park is a significant regional recreational facility that serves a wider community than the Council area. It provides for a range of informal recreational activities including for children's play activities; social gatherings; picnicking; unstructured sporting activities; an historical museum; and walking.

Sections of the park may be used for social gatherings or hired for formal functions.

The kiosk at Thorndon Park supports a relationship between recreational and economic potential and further opportunities to expand commercial interest at the park may be supported.

Category 12 - Biodiversity Reserves

Biodiversity reserves contain important examples of remnant or local indigenous vegetation that is significant for biodiversity conservation.

This category includes land that is irregularly shaped and characterised by native vegetation, and may contain land that is retained or developed for other purposes such as drainage reserves, creeks, waterways, formal and informal parks.

3.0 PURPOSE FOR RETAINING COMMUNITY LAND

The Council is required by section 7 of the *Local Government Act 1999* to (amongst other things) -

- provide services and facilities that benefit its area, its ratepayers and residents, and visitors to its area, including amongst other things community services and facilities, and cultural or recreational services and facilities;
- plan at the local and regional level for the development and future requirements of its area;
- manage, develop, protect, restore, enhance and conserve the environment in an ecologically sustainable manner, and to improve amenity;
- manage and, if appropriate, develop, public areas vested in, or occupied by, the council; and
- provide infrastructure for its community and for development within its area.

Council retains its community land for the following purposes:

Categories 1, 5, 6, 7 and 11 only

To provide open space and high quality leisure options and recreational facilities developed and maintained for the use and enjoyment of the community and other visitors.

In particular the land may be used by but is not limited to:

- sporting groups and associations;
- service and social groups;
- clubs and other associations;
- senior citizens groups;
- individual and business partnerships;
- emergency services;
- other community groups; and
- kindergarten, preschool, schools and childhood services.

Categories 2, 3 and 4 only

To provide for the functional and cost effective management of stormwater in a manner that is environmentally sensitive, minimises the risk of flooding, improves amenity and includes passive, recreational and relaxation opportunities.

In particular the land is used by but not limited to:

- community, social and environmental groups;
- senior citizens groups;
- pedestrians and cyclists;
- schools;
- utilities and service companies;
- government departments; and
- local residents and visitors.

Category 8 only

To provide a proper distribution, segregation and compatible arrangement between land uses for living, working, transport and recreation to minimise noise and air pollution, protect amenity, provide adequate access, and ensure maximum safety.

Categories 9 and 10 only

To provide for the effective management, protection, preservation and enjoyment of aesthetic, heritage and cultural values, assets and significant areas for the community and other visitors.

Category 12

To provide opportunities for the inclusion, protection and enhancement of areas of remnant vegetation within open space reserves for the conservation of biodiversity and for the enjoyment of the community and other visitors now and in the future.

4.0 MANAGEMENT OBJECTIVES

The Council seeks to ensure that all of its assets are managed effectively. In particular the land serves to meet Council's desire to provide quality, customer focused services and facilities that are accessible to all of our community and its visitors, whilst properly managing our resources to sustain our natural and built environs.

These are Council's broad objectives for managing its community land:

Categories all

Safety

- to facilitate public order and safety through the implementation of relevant legislation;

Quality

- to develop and maintain open space for the use and enjoyment of the community through an integrated and planned approach;
- to provide high quality open space that enhances the character, amenity and environmental values of the City whilst meeting the recreational and cultural needs of the community

Sustainability

- to maintain and enhance the diversity of plants and animals and their habitat;
- to protect and enhance areas of environmental value in order to conserve areas of scenic beauty, significant vegetation species, habitat and biodiversity;
- to use sustainable management practices to maintain community land and improve Council practises in reserves with identified biodiversity value to create and expand indigenous ecosystems;
- to conserve significant trees in metropolitan Adelaide which provide important aesthetic and environmental benefit;
- to provide open spaces that assist in the preservation and conservation of Aboriginal and European heritage

Accessibility

- to provide open spaces and facilities in an equitable manner to satisfy the changing needs of all within the community;
- to provide appropriate community facilities conveniently accessible to the population they serve;
- to increase support services and recreational facilities for people with a disability

Resource Management

- to effectively manage infrastructure that encourages utilisation of roads and footpaths in accordance with their functions and characteristics of the road hierarchy;
- to provide a functional and cost effective stormwater drainage system that is environmentally friendly;
- to make efficient and effective use of Council resources in the management of open space to a high standard for the benefit of the community;
- to explore opportunities for economic development through efficient and effective use of Council's facilities and land, in partnership with private enterprise and educational establishments

Community

- to enhance a 'sense of community' in Campbelltown by providing opportunities for interaction between members of the community;

- to involve and support the community to provide on-going input in the planning, development, management and enhancement of open spaces and facilities in a manner that encourages partnerships and maximises participation

Public Use of Land

- to grant leases and licenses in respect of community land where considered appropriate by Council and where the permitted use under the lease and licence is consistent with the purposes for which the land is held (as set out in Part 3) and the management proposal for the land;
- to allow for and facilitate the business use of community land in a manner that benefits the wider community and is consistent with or enhances the purpose for which the land is held

In addition, the following objectives will also affect how Council will manage land in the following categories:

Categories 1, 5, 6, 7 only

- to explore opportunities for multi-use and sharing of community facilities;
- to provide high quality recreation facilities and leisure options maintained for the use and enjoyment of the community;
- to improve the management and access of parking bays close to facilities for people with limited mobility

Categories 2, 3, 4 and 12 only

- to effectively manage rain and stormwater that will result in improved water quality in waterways;
- to improve lighting along creek areas, walkways and the River Torrens Linear Park
- to create bio-diverse corridors along creeks and vegetated areas through tree planting and re-vegetation initiatives;
- to preserve and enhance the character, aesthetic appearance, scenic beauty and amenity of the River Torrens and its environs;
- to maximise linkages between open spaces in order to provide safe and effective movement within an integrated network of open spaces

Category 8 only

- to provide a proper distribution and segregation of living, working and recreation activities by the allocation of suitable areas of land for those purposes

Category 9 only

- to maintain Council cemeteries to relevant health standards and maintain their aesthetic values while protecting heritage and cultural values

Category 10 only

- to protect Council owned sites of heritage significance and to support the retention of State and local heritage values

Category 11 only

- to provide a premier recreational and tourism facility for the region, that includes high quality recreational options for the community

5.0 PERFORMANCE TARGETS

These are Council's performance targets for managing its community land:

1. Maintenance of public order and safety
2. Facilities that are safe and clean for their intended use
3. Provision of high quality open space and a range of positive experiences to meet the changing needs of a diverse community
4. Protection of environmental assets and biodiversity values
5. Conservation and efficient management of natural resources
6. Preservation of character and amenity and protection of areas of historical and cultural significance
7. Accessibility of open space and facilities
8. Community involvement in facilities management
9. Effective management of infrastructure and assets

(Refer Attachment A: Management Summary, Table 1: Council Performance Targets and Measures for more details.)

6.0 MANAGEMENT PROPOSALS

The attached management summary identifies the relationship between Council's management proposals, performance targets and performance measures, for the community land that is subject to this management plan.

The Council attempts to keep its community land in a reasonable but not excessive condition bearing in mind the requirement on the Council to attend to the management of its other City wide assets.

Subject to compliance with the requirements of all relevant legislation the Council may, during the life of this management plan, develop and manage its community land to enhance the use of the land as a community asset.

These are Council's proposals for managing its community land:

6.1 Animal Management

Categories all

- Council will manage dogs and cats within its area through an Animal Management Plan and in accordance with the provisions of the *Dog and Cat Management (Miscellaneous) Amendment Act 2004*.
- Dogs will be required to be on a leash no longer than two metres in length whilst on public roads, footpaths and all public places except parks unless otherwise specified by Council's Animal Management Plan or by Council By-laws.
- Council will regulate compliance with the *Dog and Cat Management (Miscellaneous) Amendment Act 2004*, Council By-law 5 - Dogs, and Council's Policy on Dog Attacks and Harassment.
- Council will investigate and action resident requests and complaints in accordance with Council's customer service standard.

Category 11 only

- Dogs are not allowed to be in Thorndon Park at any time.

6.2 Buildings and Associated Facilities

Categories 1, 5, 6, 10 and 11 only

- Council will conduct annual inspections of all community buildings including centres, libraries, halls, clubrooms, storage and associated facilities.
- Maintenance will be undertaken in accordance with property maintenance schedules by the responsible party i.e. Council or a lessee.
- Repairs to an essential part of any building or structure will be carried out as soon as practical.
- Any other non-essential maintenance or improvements will be carried out in accordance with Council's budgetary allocations.

- Where a facility is the subject of a formalised lease, maintenance will be in accordance with the terms and conditions of the lease agreement.
- A lessee may from time to time permit other organisations or persons to hire or sublet and permit the use of facilities or any part thereof with the written consent of Council.
- Consumption of alcohol is with the necessary licences or permits under the *Liquor Licensing Act 1985* and any amendments thereof and/or any subsequent relevant legislation.
- Buildings and infrastructure listed in Council's Asset Management Plan – Building Assets as having local heritage value, are managed in accordance with the *Planning, Development and Infrastructure Act 2016*, and Council's Heritage Policy.

Category 10 only

- Maintenance of the building known as Lochend House, will be conducted in accordance with requirements under the *Heritage Act 1993*, the *Planning, Development and Infrastructure Act 2016* and Council's Heritage Policy.

Categories 10 and 11 only

- Management of Lochend House and the museum located at Thorndon Park, and public access to the buildings will be provided by Council, with the assistance of volunteers, friends groups and possibly other organisations. Maintenance is in accordance with Council's management proposals as described above.

6.3 Drainage and Stormwater Management

Categories all

- Council regularly inspects drainage reserves and associated infrastructures including stormwater channels, outlets, culverts, side entry pits, swales and gross pollutant traps to remove any potential blockages and carry out repairs as necessary to minimise the risk of flooding and pollution. Council may extend or enlarge stormwater and drainage networks as required to address potential flooding.

Categories 1, 2, 3, 6 and 12 only

- Creeks and open watercourses are managed in accordance with the *Environment Protection Act 1993*, Council's Environment Plan and in partnership with the Mount Lofty Greater Adelaide Region Integrated Natural Resource Management Board.
- Council will carry out earth works to address erosion as required.
- Land listed under Categories 1, 2, 6 and 12 and including watercourses, natural drainage reserves and creeks will be inspected regularly for the management of weed growth, pest plants and pollutants and are maintained by Council as part of a larger linear park.
- Category 3 includes the Torrens River, associated natural drainage reserves and ponding basins which will be inspected regularly by Contract staff for weed

growth, pest plants and pollutants and maintained in accordance with the specifications of the contract agreement for the River Torrens Linear Park.

- The aquifer storage and recovery scheme along Fifth Creek and listed under Category 2, will be operated in accordance with the license agreement between Council and the Environment Protection Authority, and to comply with mandatory requirements of the relevant legislation including the *Environment Protection Act 1993*.

Category 11 only

- Council will conduct regular inspections of bore water pumps that are used to replenish ponding lakes at Thorndon Park Reservoir, with water from the underground aquifer, and will perform maintenance to the pumps as required.

6.4 Fencing

Categories all

- Reserve boundary or perimeter fencing, and fencing rails or panels at other sites independent of “boundaries,” are repaired or replaced to ensure that they are structurally sound and suit their intended purpose. Where applicable, maintenance is undertaken in accordance with the provisions of the *Fences Act 1975*.
- Damage to fencing is reported by Council maintenance staff and local residents to enable Council to attend to repairs and maintenance as required.
- Permapine fencing and log edging are regularly inspected and maintained as required with a long term view to replace permapine fencing with other suitable fencing or landscaping.
- Council will investigate and action resident requests and complaints in accordance with Council’s customer service standard.

6.5 Footpaths, Walkways and Bridges

Categories all

- Council periodically inspects footpaths, walkways, boardwalks, bridges and other pathways for condition and safety. Defects are reported by Council maintenance staff and local residents to enable Council to attend to minor repairs. Tripping hazards and damaged paths that are identified are either replaced or repaired.
- Council will investigate and action resident requests and complaints in accordance with Council’s customer service standard.

Category 3 only

- There shall be regular monitoring by Contract staff for obvious path and bridge maintenance requirements along the River Torrens Linear Park, to be reported to Council for attention. Maintenance of bridges where major repair is required is by the Department for Transport, Energy and Infrastructure.

6.6 Landscaping and Vegetation Management

Categories all

- Management of significant trees is by virtue of the *Planning, Development and Infrastructure Act 2016*.
- Management of all other trees on community land is in accordance with Council's Tree Management Policy and maintenance is conducted by Council in accordance with its Tree Procedures Manual.
- Council will investigate and action resident requests and complaints in accordance with Council's customer service standard.
- Any landscaped areas, garden beds, garden edging, lawned areas, mulched areas, mature trees, native vegetation, community gardens and parkland areas will be maintained by Council as required unless otherwise specified in a formal agreement.
- Council maintenance will be conducted in accordance with the relevant Council maintenance schedule, and includes mowing, brush-cutting, weed control, mulching, planting and watering.
- Areas of vegetation providing specifically for screening and buffering will be maintained for this purpose.
- Irrigation systems will be regularly inspected and maintained for efficient water use to ensure compliance with the State Government's permanent water conservation measures and Council's Environment Plan.

Category 3 only

- Maintenance will be conducted in accordance with the specifications of the contract agreement for the River Torrens Linear Park.
- Revegetation of local indigenous plant species is to occur on an annual basis to increase plant and species biodiversity and in a manner that does not impair flood mitigation.

Category 12 only

- Council maintenance will be conducted in accordance with the relevant Council maintenance schedule or management plan, and in consultation with Council's City Green Co-ordinator or a nominee of the Co-ordinator.
- Revegetation will occur using local indigenous plant species to increase plant and species diversity, and where required with expert advice regarding local biodiversity priorities.
- Council may establish partnerships with community groups or other government and non-government groups for the effective inclusion, protection, management and enhancement of indigenous vegetation within reserves.

6.7 Lighting

Categories 1, 5, 6, 7 and 12 only

- Some walkways, reserves, and carpark are illuminated by night-sight floodlights to ensure an acceptable safety standard. These lamps and lighting infrastructure, including public lighting poles and stobie poles, are maintained by ETSA.

Categories 1, 5 and 10 only

- Halls and community buildings may be equipped with floodlighting for security in the evening.
- Ovals, courts, playing fields and sporting reserves may be equipped with floodlighting for the playing of sporting activities in the evening.
- Lamp faults and damaged infrastructure are maintained by Council as required unless maintenance is otherwise specified in a lease agreement or other formal agreement.

Categories 4, 5 and 6 only

- Other public lighting may be provided around community buildings or in some walkways. Council will replace lamps and maintain Council lighting infrastructure as required. Other faults and damage will be reported to ETSA for attention.

Categories 3, 4, 6 and 12 only

- Council will replace solar lamps in reserves and walkways equipped with solar lighting as required. Battery faults and control mechanism defects will be reported to the relevant contractor for attention.

6.8 Sporting Reserves

Category 1 only

- Ovals are currently equipped to satisfy the needs of the regular football, soccer and cricket users by providing goal posts and concrete or turf cricket pitches, which may include adjacent practise pitches with nets.
- Council will regularly inspect ovals, soccer fields and other playing fields, and mow and maintain playing surfaces to a serviceable standard as required and in accordance with Council's maintenance schedule for Major Sporting Ovals and Fields.
- Premier sporting reserves and turf are maintained to a high standard for sports.
- Council may permit casual or seasonal hire of some sporting reserves.
- Local cricket, football, soccer and sporting clubs may have seasonal hire of ovals and playing fields. A lessee may from time to time permit other organisations, sporting bodies or persons to use leased facilities.

6.9 Parking and Traffic Management

Categories 1, 5, 6, 11 and 12 only

- Carparks are sealed and landscaped and traffic is managed with appropriate linemarking, signage, kerbing, lighting and traffic control devices.
- Carparks will be regularly inspected by Council to ensure safety and cleanliness.
- Maintenance will be undertaken as required and in accordance with Council's property maintenance schedules.
- Council will use various techniques for managing the pavement such as minor patching, filling potholes, cracksealing, spraysealing or reconstruction.
- Council will monitor and regulate the manner in which vehicles are parked in accordance with the principles and conditions as described by Council's Policy for Parking Procedures and with reference to the *Expiation of Offences (Trifling Offences) Amendment Act 2001*.

Categories 4 and 8 only

- Traffic barriers are regularly inspected and maintained by Council to ensure safety of users and pedestrians, and to ensure barriers suit their intended purpose.

6.10 Playground Equipment, Facilities and Infrastructure

Categories 1, 3, 6, 11 and 12 only

- Play equipment is regularly inspected to ensure minimum safety standards are met and in accordance with Council's playground maintenance contract. The soft fall area is inspected and cleaned regularly, raked and reinstated as required by Council.
- In addition there shall be regular monitoring by Contract staff of damaged play equipment and facilities on Category 3 land, to be reported to Council for attention.
- All shade structures are designed and constructed to Australian Standards and reported faults are attended to in accordance with Council's playground maintenance contract.
- Council may establish new playgrounds and play equipment, and where appropriate and following consultation with residents, recreational equipment that caters for the needs of older children, on the land during the life of this management plan and in accordance with the principles and procedures in Council's Playground Development Policy.

6.11 Playing Courts

Categories 1 and 6 only

- Council will conduct regular inspections of all playing courts including basketball and tennis court surfaces and associated infrastructures including basketball rings, tennis nets and fencing.
- Maintenance will be undertaken by Council as required or to the reasonable satisfaction of Council under a lease agreement or some other formal agreement.
- Tennis court surfaces are maintained using various techniques such as minor patching, cracksealing or resurfacing and appropriate relining.
- Maintenance of leased playing courts is in accordance with the terms and conditions of the lease agreement.
- An organisation being an annual or seasonal hirer of a court may with the prior approval of Council and subject to conditions, paint the surface of a court.

6.12 Reserve Furniture

Categories 1, 2, 3, 6, 7, 9, 11 and 12 only

- Park benches, picnic benches, grandstand and other seating, shelter structures, rotundas, bins, drinking fountains and signage are inspected on a regular basis to establish that the fixtures and fittings are mechanically sound and suit their intended purpose.
- Maintenance and improvements will be carried out as required on a fit for purpose basis and to ensure the robust nature of fixtures and to protect against vandalism.
- Barbeques are cleaned weekly or as required.
- Council will investigate and action resident requests and complaints in accordance with Council's customer service standard.
- Council will empty litter bins regularly and remove rubbish and other harmful materials as necessary to meet public health and safety standards and to provide a clean environment.

6.13 Safety

Categories all

- Council will conduct regular inspections of community land to ensure that an acceptable safety standard is maintained.
- Obvious and immediate safety breaches will be addressed as a matter of priority and as soon as practical.
- Other recommended actions will be investigated by Council and addressed as necessary.

- Any reported accidents or community work requests relating to safety will be investigated by Council and responded to in accordance with Council's customer service standard.

6.14 Toilet Facilities

Categories 1, 3, 6 and 11 only

- Public toilets will be inspected weekly and cleaned according to Council's maintenance roster for toilets to ensure they are presented in a safe condition for public use. Council will respond to community requests for work in accordance with Council's customer service standard.
- Within parks and reserves where new amenities are built, specific disability amenities will be provided.

6.15 Leases and Licences

Categories all

- Council may (subject to this clause 6.15) grant a lease or licence of the whole or any part of the land, the subject of this management plan, during the life of this management plan.
- Council must, prior to granting a lease or licence over the whole or any part of the land, comply with the relevant steps set out in the Council's public consultation policy unless:
 - the lease or licence is authorised in this management plan and the term of the lease or licence is five years or less; or
 - the lease or licence is being granted to the Crown, or to a Minister or other agency or instrumentality of the Crown and it is a term of the lease or licence that there is to be no substantial change in the use of the land (disregarding trifling, insignificant or subsidiary uses).
- A lease or licence is to be granted for a term not exceeding 42 years and the term of the lease or licence may be extended but not so that the term extends beyond a total of 42 years. This does not prevent a new lease or licence being granted at the expiration of 42 years (subject to the other requirements of this Act or any other law).

Categories 1, 5, 6 and 11

- Land subject to a formalised lease or license is identified in the Register of Community Land attached as Attachment B for Categories 1, 5, 6 and 11.
- The management and maintenance of land subject to a lease or licence is in accordance with the terms and conditions of the lease or license agreement.

Category 2

- Part of the land listed under Category 2, is the subject of a formalised licence between the Corporation of the City of Campbelltown and the Environment Protection Authority SA, to operate an Aquifer Storage and Recovery (ASR) scheme along Fifth Creek.

- Council will manage the ASR in accordance with the licence agreement.

Category 9 only

- The granting of burial and columbarium wall licences for land listed under Category 9, is vested in the Curator in accordance with Council's Policy for Community Cemeteries.

6.16 Community Short-Term Hire

Categories 1 and 5 only

- Fees and charges for the use of halls, community centres, ovals, recreational grounds, courts and other facilities hired by the Council, will be set and charged at the discretion of Council and in accordance with its Schedule of Fees and Charges, and applied at a level which ensures that users make a reasonable contribution to operating costs and facilities under hire.
- Council will meet the cost of hire of ovals and tennis courts used by schools during school hours, unless other arrangements are set down in a joint use or other agreement.
- From time to time Council may provide certain other Council facilities free of charge or at a reduced rate.

Category 3 only

- A person, group of persons or organisation seeking to use any portion of the River Torrens Linear Park for an activity should make an application, in writing, to the Council setting out the proposed date, time, location and general details of the event.

Category 11 only

- Thorndon Park Reservoir, located at Hamilton Terrace, Paradise, is available for day or casual hire for social functions, weddings or for groups who wish to use amplification, erect marquees or reserve a section of Thorndon Park in accordance with Council's Schedule of Fees and Charges.

Categories 2, 6, 7 and 10 only

- Council may at its discretion, consider to make the whole or any part of the land, the subject of these categories, available for short-term hire, during the life of this management plan.

6.17 Economic Development

Categories all

- Council may at its discretion, consider making the whole or any part of the land the subject of this management plan, available for business purposes, during the life of this management plan, provided that such business purpose is not contrary to the provisions of this management plan.

7.0 POLICIES AND OFFICIAL PLANS

7.1 Council

The management plan should complement and be implemented in conjunction with Council by-laws, policies and plans. Those identified that may have effect upon the management of the land include:

Categories all

- Council Policies (Public Consultation)
- Council Policies (Disability Access and Inclusion)
- Council Policies (Risk Management)
- Council Policies (Tree Management)
- Council Policies (Procurement)
- Council Policies (Memorials on Council Land)
- Council Policies (Outdoor Dining)
- Council Policies (Physical Activity and Sports)
- Council Policies (Public and Environmental Health)
- By-Law No. 4 Local Government Land
- By-Law No. 5 Dogs
- By-law No. 6 Cats

In addition, the following Council policies also effect how Council will manage land in the following categories:

Categories 1, 5, 9 and 11 only

- Council Policies (Procurement)

Categories 1 and 6 only

- Council Policies (Community Grants)

Categories 1, 3, 5 and 6 only

- Council Policies (Council Properties)

Categories 1, 5, 6 and 11 only

- Council Policies (Parking)

Categories 1, 3, 6 and 11 only

- Council Policies (Playground and Exercise Equipment Development and Maintenance)

Categories 5, 6, 9, 10 and 12 only

- Council Policies (Heritage Management)

Category 5 only

- Council Policies (Active Ageing)

Category 9 only

- Council Policies (Community Cemeteries)

Council's Strategic Plan, Asset Management Plans, Environment Plan, Open Space Strategy and Animal Management Plan establish objectives, strategies and actions that will guide the future development, maintenance and management of community land within the City.

The management plan will be implemented in conjunction with amended or future plans or policies affecting the land. If a management plan requires significant amendment or revocation, this will be done in consultation with the community.

Council by-laws, policies and plans are available for inspection at the Council's principal office during ordinary business hours and at Council's website www.campbelltown.sa.gov.au.

7.2 State Government

The following State Government policies and plans concerning conservation and development relate to the community land in this plan:

7.2.1 Development

The Planning and Design Code governs what activities may occur on the land and how it may be developed during the life of the Plan.

7.2.2 Cultural Significance

Prior to conducting any new development on the land, Council will determine if Native Title has been extinguished in accordance with the *Native Title Act 1993*. European and indigenous culture will be recognised in the management of the land.

7.2.3 Heritage

Council will acknowledge any heritage controls that may affect development of the land and specific legislative requirements under the *Heritage Act 1993* and/or the *Planning, Development and Infrastructure Act 2016*.

7.2.4 Tourism

Council may explore eco-tourism opportunities for the land or any part of the land and promote the attractions of the Council area for residents and visitors.

7.2.5 Environment

The Council may modify or develop the land or any aspect, service or infrastructure associated with the land for improved environmental performance. This may include but is not limited to conserving and enhancing the environment and its natural resources in an ecologically sustainable manner, improving amenity, creating and expanding biodiversity, and protection against serious or irreversible environmental degradation or change.

Council will acknowledge environmental and natural resource requirements under the *Environmental Protection Act 1993*, the *Integrated Natural Resource Management Act 2004*, and any other relevant legislation.

In the event of an inconsistency between the provision of an official plan or policy under another Act and the provisions of a management plan under the *Local Government Act 1999*, the provisions of the official plan or policy prevail to the extent of the inconsistency.

8.0 PERFORMANCE MEASURES

The Council will regularly undertake a community feedback survey that will include a request that respondents comment on their views of and experience in using community land.

The Council will record all complaints, compliments and resident's requests and attend to such of them as require action.

The Council has adopted a performance management system to record successful achievement of employee functions. Regular assessment and reporting of compliance with the Council's asset maintenance program is integral to this process.

As part of the maintenance of community land the Council will conduct random inspections to measure whether Council is meeting its objectives and targets.

In addition the Council invites people to comment via its website, by post or facsimile, in person at the Council and Library offices and by telephone.

Council regularly consults with young people through working groups and surveys to secondary school students including amongst other things taking into consideration the needs of young people when providing community resources such as public space and facilities.

ATTACHMENT A: MANAGEMENT SUMMARY

TABLE 1: COUNCIL PERFORMANCE TARGETS AND MEASURES

	Target	Description	Category	Management Proposals	Measure
