

Manresa Court Road Closing Process – Council apology

Further to an investigation conducted by the Ombudsman SA, Council wishes to apologise for publishing name and address information of respondents in its Objector's meeting agenda for the Manresa Court Road Closing Process held on 10 October 2022.

Council apologises for providing personal name and address information in the public agenda for the Objector's meeting and subsequently, on its website.

Council staff initially included the information in the report to Council to facilitate the Roads (Opening and Closing) Act process; the information was redacted following complaints from Objectors to the process.

Further to making this apology, Council has provided an apology to each of the people impacted by this error. We will also amend our public consultation policy and processes as appropriate to prevent further release of private information in our Council reports or on our website.

Paul Di Iulio, Chief Executive Officer
