2026 Kerbside Collection Calendar

Our 2026 kerbside bin collection and weekly green FOGO bin trial collection calendars are now available.

Download the My Local Services app at www.campbelltown.sa.gov.au/mls to find out which bin to put out when, and opt in to receive weekly push notification reminders the night before your

scheduled waste collection. Alternatively, download a PDF calendar from our website at www.campbelltown.sa.gov.au/kerbside-collection or pick up a copy from Council's office.

Not sure what goes in which bin? Visit www.whichbin.sa.gov.au

Update to Council Wards

Last year, we reviewed our ward boundaries with community input. We requested minor adjustments from the Electoral Commission South Australia (ECSA) to ensure balanced representation.

ECSA approved the changes, gazetted on 20 November 2025. The ward names will remain the same (Hectorville, Gorge,

Newton, River and Woodforde), with slight changes to boundaries applying from the November 2026 Local Government Elections. Check out the updated map at www.campbelltown.sa.gov.au/ward-update

Creating our Community Heart

At the 16 December 2025 meeting, Council resolved to proceed with a new, fit-for-purpose Council Office. This decision follows extensive community consultation and reflects our responsibility to deliver safe, efficient and accessible services while managing risk and cost to ratepayers.

We heard strong support for modern, sustainable civic facilities, alongside concerns about the scale and impacts of the larger developments. Council has listened and determined that focusing on essential civic infrastructure is the most responsible course of action at this time.

Thank you to everyone who took part in the consultation; your feedback directly informed this outcome.

Our Community

Campbelltown Cool Spaces

When a severe or extreme heatwave is declared, Campbelltown Library and The ARC will open as designated Cool Spaces, providing air-conditioned comfort, extended hours, and free Wi-Fi. These spaces are designed

to support vulnerable residents and offer a safe, welcoming environment.

Register now to receive Cool Spaces activation alerts at www.campbelltown.sa.gov.au/coolspaces

The Kindness Project

Research shows that kindness can strengthen communities, which is why it's a focus area of our Community Wellbeing Plan 2028.

Staff in our leadership program have been bringing kindness to life, from bright kindness themed artwork to free cups

of tea, coffee and Milo shared at the Campbelltown Library and Thorndon Park. These small but impactful projects were created to spark considerate connection and inspire a ripple effect of kindness throughout our community.

Mayor's Message

Happy new year!

2025 was a successful year, with a strong financial report from independent economic regulator ESCOSA. We won numerous awards for our parks, environmental and other initiatives.

In 2026, we will continue partnering with other levels of government. This includes delivering energy upgrades to reduce costs and carbon emissions at The ARC, funded by a \$2.5 million Federal Government grant. We will also expand our e-waste facility so it can accept items with embedded batteries—such as toys, phones, drills, and other products that pose fire risks. This project is also being delivered with the SA Government and a range of community partners.

Together, we are shaping a strong future for Campbelltown, with elected members and staff working with you in 2026 for more top results!

Community Stories

Dynamic Balance

In Australia, falls are one of the leading causes of hospital admissions for older people, with one in four people over 65 experiencing a fall each

year. To tackle this, the Adelaide University Judo Club developed 'Dynamic Balance', a 10-week course focused on safe falling, balance, strength, and coordination.

Five Campbelltown Home Support residents and one volunteer recently completed the program. The benefits appeared quickly, with one participant experiencing a fall and successfully applying techniques to roll safely and avoid injury.

Learn more about the program at www.campbelltown.sa.gov.au/dynamic-balance

Green Flag Award for Lochiel Park

We're proud to share that Lochiel Park has once again been recognised with the prestigious international

Green Flag Award for 2025/2026!

This honour recognises excellence in planning, maintenance, sustainability, biodiversity and strong community connection.

Seeing the Green Flag flying at Lochiel Park is a testament to the dedicated staff, Friends of Lochiel Park and the many volunteers who work tirelessly to help our green spaces flourish.

Our Climate Achievements

We're leading our City towards a climate resilient and sustainable future and have been taking big steps to cut emissions, cool our city and support our community.

We're proud to share the following climate achievements:

- 41% emissions reduction
- 100% powered by renewable energy
- 1,200 street trees planted annually
- 11,250 seedlings planted in community planting projects in 2024/2025
- award winning cool spaces program
- water and energy efficient infrastructure projects.

Learn more about our climate achievements and how you can be part of the climate solution at www.campbelltown.sa.gov.au/climate-achievements

Consultation Updates

Thank you for connecting with us in 2025

Thank you to everyone that participated in Council consultation activities during 2025.

During the year we conducted 14 consultations, including our largest ever for the Creating Our Community Heart (Community Hub) project which attracted over 2,300 participants. We also consulted on a new Open Space Strategy, new and upgraded building projects, park improvements, and infrastructure upgrades.

Register with connect2.campbelltown.sa.gov.au to stay connected and receive details of opportunities to have your say and hear about consultation project outcomes.
